

SOME HISTORY OF MATRIX SOFTWARE
July 29, 2011

By Michael Erlewine (Michael@Erlewine.net)

I have received a number of requests to give a short history of astrology software and Matrix Software in particular, since I happened to be the first person to program astrology on microcomputers and share it with my fellow astrologers. Here is a little PDF booklet called "Some History of Matrix Software" for those brave souls who might be interested.
