

THE SNOW HAS STOPPED - PHOTO TAKEN TODAY
January 15, 2011

By Michael Erlewine (Michael@Erlewine.net)

Hey everyone. The snow has stopped and I am actually outside! Here is a photo taken on our property back by the alley where the tall grass grows. In the background is our tool shed. The snow is maybe a foot deep right now. The sun is off and on. It is about 31 degrees out.
