

SELF-SECRET ASTROLOGY

April 19, 2013

By Michael Erlewine (Michael@Erlewine.net)

Here is the first in a series on esoteric astrology, what is called self-secret astrology because it is subtle and hard to grasp with the mind, much less to experience. So, obviously, this is not everyone's cup of tea.

These are part of the inner teachings that I received from qualified initiators in my life. I am doing my best to share this. Writing in words is not the same as hearing it spoken and listening, so I will leave it up to those who have the inclination for this kind of knowledge whether you will view it.
