

"SPRING FEVER" by Robin Lee Berry
February 21, 2011

By Michael Erlewine (Michael@Erlewine.net)

Since I get up around sometime not long after midnight... not long enough, I had better get to bed. I leave you folks with another song by my friend Robin Lee Berry, the great Michigan singer/songwriter. I helped to put this little YouTube video together. I hope you like it. Robin Lee also writes and sings jazz as this tune will prove.

Enjoy
